EPA allows dumping spilled coal
ash in Ala.

Coal ash on its way to Perry
County

Perry County Associates Landfill

Perry County Associates Landfill

- Train shipments from TVA Kingston began early July '09
- Initially 85 railcars per train; now 110 car loads
- One trainload per day average
- As of mid-September, over 560,000 tons of remediation waste had been disposed of in PCA Landfill
- Coal ash remediation waste is being monofilled at PCA LF
- ADEM inspects MSWLF's quarterly; PCA has been visited 7 times since June 1
